

ENTITA' DXCC 2020

Note sulla modalità di lettura dell'elenco dei Paesi DXCC 2020. I Paesi DXCC per definizione sono chiamati Entità.

La tabella dei Paesi DXCC 2020 è suddivisa in colonne così definite:

Call: Sono indicati i prefissi che identificano l'entità DXCC; nel caso di più prefissi per la stessa entità questi sono separati dal carattere virgola (es. YS, YU prefissi di El Salvador).

Se il carattere di separazione è il carattere - significa che a quella entità sono attribuiti tutti i prefissi compresi tra quelli indicati (es. EA-EH prefissi della Spagna da EA# a EH# compreso); la presenza del carattere # stà ad indicare che il prefisso ammette tutti i numeri (es. 4U#ITU o 4U#UN prefissi assegnati alla ITU o alle Nazioni Unite)

Legenda dell'elenco:

OLD CALL: Indica il prefisso utilizzato in precedenza e non più valido, la colonna AL indica fino a quando era valido quel prefisso

ENTITY: Nome del country

CONT: Continente dove si trova l'entità

IARU: Codice identificativo della zona IARU dove si trova l'entità (per alcuni paesi ci possono essere più codici)

CQ: Codice identificativo della zona CQ dove si trova l'entità (per alcuni paesi ci possono essere più codici)

COD: Codice identificativo DXCC

DAL: Data di inizio validità del prefisso

AL: Data di fine validità del prefisso
